

Sequence Songs

Lead children in sequence songs where each movement builds on the last and repeats.

For example:

*Oh, in the woods there was a tree
The prettiest tree
You ever did see
And the tree was in the ground
And the green grass grew all around, all around, and
the green grass grew all around
And on that tree
There was a limb
The prettiest limb
That you ever did see
And the limb was on the tree
And the tree in the ground
And the green grass grew all around, all around, and
the green grass grew all around*

Continue to add on while repeating the sequence and coming back to the green grass.

More Support: Notice interest level of children to determine how many verses to sing. Use visuals to go along with the song and point to the picture as you sing.
